Symposium Speakers:

Laura Gasparis Vonfrolio RN, PhD
TWO DAY CCRN REVIEW

Dr. Vonfrolio, lecturer, consultant and author, has held CCRN certification for sixteen years. Author of 11 books and numerous articles, she has held positions of critical care staff nurse, staff development instructor and tenured Professor of Nursing. She is the proprietor of Education Enterprises and Power Publications, organized the Nurses March in DC with over 35,000 rallying for safe patient care and nurse patient ratios. She has appeared on Nightline and Good Morning America. Visit her website at www.GREATNURSES.com.

Terry M. Foster RN, MSN, CCNS, CCRN, CEN
KEYNOTE: “How Can You Laugh At That – A Closer Look At Nursing Humor”

Mr. Foster is the Critical Care CNS at St. Elizabeth Medical Center and has held positions of LPN, staff nurse, charge nurse, critical care instructor, clinical director and supervisor at the Mercy Hospitals of Cincinnati, OH and at St. Elizabeth Medical Center in northern Kentucky.

Susan Dirkes RN, MSA, CCRN
KEYNOTE: “Where In The World Is Clara Barton?”

Ms. Dirkes is a CNS with Nxstage Medical Inc., teaching CRRT Therapy. Her consulting company, Hemofiltration Resource Consultants educates professionals in continuous renal replacement therapy. She also works as staff nurse in SICU, University of Michigan Health System.

Caroline Ashman RN, BSN, CMSRN
Lecturer
Atlanta, GA

Terry S. Johnson
RNC, MN, ARNP
President – Lode Star Enterprises; Neonatal Practitioner; Downers Grove, IL

Nancy Townsend RN, MN, APRNC, CCNS, CCRN
Owner & Program Director; NursEd, Metarie, LA

Deborah Pool RN, MS, CCRN
Instructor, Department of Nursing, Glendale Community College; Glendale, AZ

Scott DeBoer RN, MSN, CEN, CCRN, CFRN
Flight Nurse – University of Chicago Hospital; Founder: Peds-R-Us Medical Education; Medical Consultant: Assoc. of Professional Piercers; Dyer, IN

Mary McCaffrey RNC, MSN
Clinical Nurse Specialist NICU/Pediatrics; Anne Arundel Medical Center; Annapolis, MD

Kim Litwack RN, PhD, CFNP, FAAN
Associate Professor, College of Nursing University of Wisconsin-Milwaukee, WI
BOOK HOTEL ROOMS EARLY!

3:00 pm – 4:30 pm
EMERGENCY
CPR TRAINING – Adult, Child and Infant
Dr. P. G. S. Grace
All the info you have to know for preparing for the CCRN Exam! Review of pathophysiology, assessment findings and management of the critically ill patient with:
• Increased Intracranial Pressure
• CNS Disorders
• Head Trauma
• Spinal Cord Injuries

This fun and enlightening talk will focus on the very “different” sense of humor shared by all nurses. Often used as a coping mechanism, the speaker will explain the appropriate uses of our nursing humor. (Note: Please empty your bladder fully prior to attending this session.)

LUNCH 12:15-1:15

9:30 am – 10:45 am
PEDIATRICS
Bedside Emergencies – Cardiopulmonary
Nancy Townsend RN, MN, CCRN
Everything you need to know when caring for the patient with blunt chest trauma. Overview of mechanism of injury, signs and symptoms, potential complications and nursing interventions.

10:45 am – 11:00 am: KEYNOTE: “How Can You Laugh At That? A Closer Look At Nursing Humor”
Scott DeBoer RN, MSN, CEN, CCRN

11:00 am – 12:15 pm
CPR TRAINING – Adult, Child and Infant
Dr. P. G. S. Grace
All the info you have to know for preparing for the CCRN Exam! Review of pathophysiology, assessment findings and management of the critically ill patient with:
• Increased Intracranial Pressure
• CNS Disorders
• Head Trauma
• Spinal Cord Injuries

12:15 pm – 1:15 pm: Case Studies in Critical Care
Nancy Townsend RN, MN, CCRN
Emphasis on critical assessment and analysis skills for patients with:
• Airway Obstruction
• Post-op Heart Patient
• Chest Tubes
• Seizures

NURSING SYMPOSIUM 2008 PROGRAM SCHEDULE

CRITICAL CARE

9:30 am – 10:45 am
CRSRN REVIEW – Neurological
Laura Gasparis Vonfrolno RN, PhD
• SIADH & DI
• Hypoglycemia
• DKA & HHNK

10:45 am – 11:00 am: Case Studies in Critical Care
Nancy Townsend RN, MN, CCRN
Emphasis on critical assessment and analysis skills for patients with:
• Airway Obstruction
• Post-op Heart Patient
• Chest Tubes
• Seizures

11:00 am – 12:15 pm
CRSRN REVIEW – GI and Hematological
Laura Gasparis Vonfrolno RN, PhD
• Hepatic Failure
• DIC
• Abdominal Trauma
• Pancreatitis & Bowel Obstruction

12:15 pm – 1:15 pm: Cardiac Trauma – Unique Situations
Deborah Pool RN, MS, CCRN
From simple dysrhythmias to complex problems such as myocardial rupture, this session will provide the information to give optimal care for patients who have sustained cardiac trauma both penetrating and blunt injuries.

1:15 pm – 2:15 pm
OBSTETRICAL
Obstetric Triage
Mary McCaffrey RNC, MSN
What does it mean, how do you do it, what are your liabilities – a discussion of what is entailed in triaging OB patients and how are you covered for issues that arise out of triage.

2:15 pm – 3:15 pm
OBSTETRICAL
Fetal Dystrophias
Mary McCaffrey RNC, MSN
What are the most common arrhythmias seen in labor and what impact do they have on labor and the infant post delivery.

3:15 pm – 4:15 pm
OBSTETRICAL
Diabetes in Pregnancy
Mary McCaffrey RNC, MSN
Discussion of the antepartum, intrapartum and postpartum care of the diabetic patient, Type I, Type II and Gestational.

4:15 pm – 5:15 pm
OBSTETRICAL
Perinatal Infections
Mary McCaffrey RNC, MSN
The alphabet soup of infections, HIV, Hepatitis, GBS, GC, TORCH and others. What do they mean for the mother and the fetus.

1:15 pm – 2:15 pm
PEDIATRICS
Bad Bugs – Whatcha Gonna’ Do?
Scott DeBoer RN, MSN, CEN, CCRN
Pediatric meningitis & necrotizing fasciitis, demands a rapid assessment of symptoms. This session will cover comprehensive review of literature and case study presentations focusing on diagnosis, management and interventions.

2:15 pm – 3:15 pm
PEDIATRICS
Expressway & Elevator Deliveries: Emergency Newborn Care
Scott DeBoer RN, MSN, CEN, CCRN
All emergency & pediatric professionals should have a basic understanding of the necessary steps in resuscitation of a newborn. “Learn "what you really need to know (& will actually remember) regarding neonatal assessment & resuscitation.

3:15 pm – 4:15 pm
PEDIATRICS
The Worst Ways To Die: Drowning & Drugs
Scott DeBoer RN, MSN, CEN, CCRN
Attendees will be given an inside view as they are guided through the human body’s responses to progressive hypoxia and death. Keep up with the latest management techniques, review of current controversial management & recommendations for the pediatric/adult overdose patient.
### 2008 PROGRAM SCHEDULE

**8:00 am – 9:15 am: KEYNOTE: “Where In The World Is Clara Barton?”**  
Susan Dirkes RN, MSA, CCRN  
This keynote will address the current issue of the nursing shortage, solutions to improve the nursing shortage, and review the significant contributions that only nurses can make. The highlight focuses on empowerment activities for all nursing professionals in order to encourage nursing retention and recruitment.

| 11:30 am | CCRN REVIEW – Pulmonary Part I  
Laura Gasparis Vonfrolio RN, PhD  
All the info you have to know for preparing for the CCRN Exam! Review of pathophysiology, assessment findings and management of the critically ill patient with:  
• Respiratory Assessment  
• Oxy-hemoglobin Dissociation Curve  
• ABG Interpretation |
| 1:30 pm  | CCRN REVIEW – Pulmonary Part II and Exam Tips  
Laura Gasparis Vonfrolio RN, PhD  
All the info you have to know for preparing for the CCRN Exam! Review of pathophysiology, assessment findings and management of the critically ill patient with:  
• ARF & ARDS  
• Burns, poisonings  
• Important points for passing exam! |

**LUNCH 12:15-1:15**

**9:30 am – 10:45 am**

**CRITICAL CARE**

**Continuous Renal Replacement Therapy (CRRT)**  
Susan Dirkes RN, MSA, CCRN  
CRRT is the standard treatment for Acute Renal Failure for patients unable to tolerate hemodialysis. This lecture review the modes of CRRT, dialysis concepts, indications and evolving practice based research.

**Acute Renal Failure**  
Susan Dirkes RN, MSA, CCRN  
ARF is a common complication of critically ill patients. Discussion of prerenal, intrarenal and post renal failure along with treatment, medication and dialysis therapies will be addressed.

**Alphabet Soup of Electrolytes**  
Susan Dirkes RN, MSA, CCRN  
Everything you want to know about fluid and electrolyte balance. Key electrolytes of sodium, potassium, magnesium, calcium and phosphate; their impact on homeostasis, imbalance etiologies will be covered through patient case studies.

**Acute Respiratory Distress Syndrome**  
Susan Dirkes RN, MSA, CCRN  
Surfactants, corticosteroids, diuretics, ECMO, special ventilatory strategies and positioning have been used in the treatment of ARDS. Each of these treatments along with research behind them will be reviewed in addition to the pathophysiology of ARDS.

**MED-SURG**

**Staying Ahead with Lab Interpretation**  
Caroline Ashman RN, BSN  
Review of laboratory values: CBC and electrolytes and discussion of their significance on patient care and improving outcomes.

**Brain Attack! A Neuological Emergency**  
Caroline Ashman RN, BSN  
Focus is on patient and family education, as we strive to spread the knowledge that time is brain. An overview of a “Stroke Center of Excellence” will be covered.

**And the Beat Goes On... Or Does It?**  
Caroline Ashman RN, BSN  
How to recognize dysrhythmias in the unmonitored patient. Discussion of how it impacts on patient care and what our patients need to know.

**Breathe Easy, Sleep Easy.**  
Caroline Ashman RN, BSN  
A review of adventitious breath sounds, common respiratory diseases and discussion of the impact of sleep apnea on patients.

**Little People Do Not Have Little Needs!**  
Kim Litwack RN, PhD, FAAN, APNP  
The pediatric patient facing surgery has unique physiologic and anatomic needs necessitating changes in peri-anesthesia management to promote safety.

**12% of The Population But 25% of Your Surgical Schedule**  
Kim Litwack RN, PhD, FAAN, APNP  
The elderly make up 12% of the general population, but over 25% of the surgical schedule. This session will address the unique needs of the elderly patient undergoing surgery and anesthesia.

**Chronic Pain Patients Are An Acute Pain**  
Kim Litwack RN, PhD, FAAN, APNP  
Learn how to address care of the patient who chronically takes opioids when faced with the need for acute pain management.

**And Baby Makes Two!**  
Kim Litwack RN, PhD, FAAN, APNP  
This session will address care of the pregnant patient facing non-obstetric surgery. How to move Mom and baby safely through anesthesia and surgery.

**NEONATAL**

**“Spit Happens!” Diagnosis & Management of GER in Neonates**  
Terry S. Johnson RNC, MN, ARNP  
GER has become a major management issue in the care of neonates. This session will discuss the etiology and clinical presentation of the disease in neonates as well as a review of current therapies and strategies.

**Paten Ductus Arteriosus and the Preterm Infant**  
Terry S. Johnson RNC, MN, ARNP  
Management of the ductus arteriosus in the premature infant remains a significant clinical controversy and potential clinical problem. Ductus in extra-uterine life, clinical signs, symptoms, diagnostic indices, pharmacologic and surgical treatment will be described.

**Pain Management in Neonates**  
Terry S. Johnson RNC, MN, ARNP  
This session will review the physiology of pain, assessment strategies, pharmacologic therapies and emerging research specific to neonates.

**Oxygen Targeting in Neonates**  
Terry S. Johnson RNC, MN, ARNP  
The judicious use and monitoring of oxygen in resuscitation and on-going care of preterm infants is a major source of current research and clinical investigation. Comprehensive review of routine therapy, current guidelines, caveats and recommendations for oxygen targeting in neonates.

CEN REVIEW

Improve your performance on the CEN Certification Exam or enhance your Emergency Nursing expertise with Laura Gasparis Vonfrolio RN, PhD. These comprehensive CEN Review materials are designed for nurses who want to update, strengthen or expand their knowledge base in clinical emergency settings, as well as acute care units. Pass the CEN Exam…now!

TOPICS INCLUDE:

- CARDIOVASCULAR EMERGENCIES: Shock, myocardial infarction, hypertensive crisis, congestive heart failure, cardiac trauma
- NEUROLOGICAL EMERGENCIES: Neurological assessment, increased intracranial pressure, cerebral hemorrhage, head trauma
- GASTROINTESTINAL EMERGENCIES: Pancreatitis, GI bleeding, abdominal trauma, bowel obstruction
- RESPIRATORY EMERGENCIES: Respiratory assessment, pulmonary embolism, acute respiratory failure, tension pneumothorax, status asthmaticus, pulmonary trauma, ABG interpretation
- GENERAL EMERGENCIES: Gynecological, poisonings, burns and compartment syndrome

This six hour CEN REVIEW Course, taped live at one of Dr. Vonfrolio’s seminars, is available on DVD, CD, Video or audio cassette tapes. Approved for 6 contact hours.

PRICE: Individual use: $80.00 plus $6.00 shipping
Institutional: $300.00 plus $6.00 shipping (includes 20 booklets/post-test/CEU’s)

EMERGENCY NURSING EXAMINATION REVIEW BOOK

Practice your Emergency Nursing knowledge with over 900 multiple-choice questions. This 485 page book, written by Laura Gasparis Vonfrolio RN, PhD & Joanne Noone RN, provides detailed explanations of the correct answers and explains why other choices are incorrect.

PRICE: $32.95 plus $6.00 shipping

EMERGENCY NURSING BIBLE (3rd edition)

This 630 page book, written by Pat Bemis RN, CEN is designed for use at the bedside and describes each nursing action in a step-by-step, logical manner. Each chapter covers a medical emergency seen in the ED and includes a ready reference of the commonly used medications, pathophysiology and practical tips. Current life support, pediatric and trauma protocols are included. A new chapter covers homeland security and terrorism, disaster triage, and more!

40 contact hours are available for an additional fee of $15.

PRICE: $59.95 plus $6.00 shipping
CCRN REVIEW

Prepare to successfully pass the CCRN Certification Exam with the help of Laura Gasparis Vonfrolio RN, PhD, author of the best-selling book “Critical Care Examination Review.” Her comprehensive review materials cover core curriculum and the most important content areas according to the new Certification Examination Blueprint. In addition to valuable test-taking strategies, you will gain the confidence you need to readily pass the exam. After watching or listening to these entertaining videos, DVDs, CDs or audio cassette tapes, you will understand why Dr. Vonfrolio is such a popular entertaining speaker. Laugh and learn!

TOPICS INCLUDE:

- CARDIAC: Acute myocardial infarction, angina, arrhythmias, CHF, hypertensive crisis, shock states, cardiac trauma, CABG
- PULMONARY: ABG interpretation, respiratory assessment, acute respiratory failure, ARDS, status asthmatics, pulmonary embolism, thoracic trauma
- ENDOCRINE: Diabetes insipidus, SIADH, DKA, Hyperosmolar coma, hypoglycemia
- HEMATOLOGY: Disseminated intravascular coagulation, immunosuppression
- NEUROLOGICAL: Neurological assessment, increased intracranial pressure, head trauma, aneurysm, acute spinal cord injury, seizures, intracerebral hemorrhage
- GASTROINTESTINAL: GI hemorrhage, hepatic failure, pancreatitis, abdominal trauma, bowel obstruction
- RENAL: Renal anatomy, acute renal failure, electrolyte imbalances, renal trauma

This two day program, 12 hour CCRN REVIEW Course taped live at Dr. Vonfrolio’s seminar, (just like being there) is available on DVD, CD, Video. Approved for 12 contact hours.

PRICE: Individual use: $150.00 plus $6.00 shipping
Institutional: $700.00 plus $6.00 shipping
(includes 20 booklets/post-test/CEU's)

SUPER CCRN REVIEW CRAM (one day program, 6 hour) available on audio cassette tapes for individual use. Approved for 6 contact hours.

PRICE: $80.00 plus $6.00 shipping

CRITICAL CARE EXAMINATION REVIEW BOOK

The one and only book written by Laura Gasparis Vonfrolio RN, PhD & Joanne Noone RN, to help you pass the CCRN Exam! Test your knowledge of critical care nursing with over 800 multiple-choice questions with detailed explanations for each answer choice. Explains why the correct answer is right and why the other choices are wrong. The content of this 410 page book is organized by body system so you can easily study the subject areas that need more review.

PRICE: $32.95 plus $6.00 shipping
If you work with pulmonary artery catheters and EKG’s, these review materials were created especially for you by Laura Gasparis Vonfrolio RN, PhD. She will teach you how to expertly identify and interpret normal and abnormal hemodynamic waveform configurations. Learn to read a 12 Lead EKG in a very systematic and simple way, identifying inferior, anterior-septal and lateral wall myocardial infarctions. Whether you’re a beginner or a seasoned critical care nurse, this knowledge will make a real difference in the patient care you provide in the clinical setting.

**HEMODYNAMIC MONITORING TOPICS INCLUDE:**
- Clinical significance of abnormal and normal hemodynamic waveforms, A, C, & V waves
- Alterations in PAP, PCWP, PAWP associated with diseases
- Obtaining accurate readings and errors/ variations in techniques
- Troubleshooting causes of dampening, overwedging and catheter whip
- How PEEP affects wedge pressures and calculations to obtain accurate readings

**12 LEAD EKG INTERPRETATION TOPICS INCLUDE:**
- Reading a 12 Lead EKG easily by using a systematic approach
- Recognizing the location of cardiac muscle injury seen in specific leads
- Determining axis deviations utilizing a “2 Lead Approach”
- Anticipating complications specific for Inferior, Anterior, Septal and Lateral Wall infarctions

**FUNDAMENTALS OF PERMANENT PACEMAKERS**
By Donna Memoly Koenig RN, BSN, CCRN & Paul Leving MD. This 250 page book will educate and engage you with illustrations, cartoons that will have you laughing while you learn. Topics covered include interpreting EKG’s with pacemakers, indications for pacemakers, hardware and post-operative teaching. (20 contact hours available for an additional fee)

**PRICE:** $24.95 plus $6.00 shipping

---

**HEMODYNAMIC MONITORING & 12 LEAD EKG INTERPRETATION**
By Laura Gasparis Vonfrolio RN, PhD on DVD, CD, Video. 6-hour program taped at a live seminar. 6 contact hours.

**PRICE:** Individual $80 plus $6.00 shipping
Institutional $350.00 plus $6.00 shipping (includes 20 booklets/post-test/CEU’s)

---

**12 LEAD EKG INTERPRETATION MADE EZ**
By Laura Gasparis Vonfrolio RN, PhD on DVD and Video. 3-hour program taped at a live seminar. 3 contact hours.

**PRICE:** Individual $59.95 plus $6.00 shipping
Institutional $250.00 plus $6.00 shipping (includes 20 booklets/post-test/CEU’s)

---

**Register online: www.GREATNURSES.com • Call 1.800.331.6534 Mon.–Thurs. 9am–3pm EST.**
Listen, learn and laugh a lot with Laura Gasparis Vonfrolio RN, PhD, as she covers important topics for enhancing your acute care skills.

This two day program, 12 hour **ENHANCING YOUR CRITICAL CARE SKILLS** course taped live at Dr. Vonfrolio’s seminar, (just like being there) is available on CD or audio cassette tapes.

**DAY ONE:**
**12 LEAD EKG INTERPRETATION:** Reading a normal EKG, identifying patterns of ischemia, injury and infarction; identifying the location of infarction, complications associated with each specific myocardial infarction and nursing interventions.

**DIFFERENTIATING ECTOPY FROM ABERRANCY:** Is it VT or SVT with a bundle branch block? Recognize QRS changes in V1 and MCL1 with RBBB and LBBB, recognizing SVT with a block from ventricular tachycardia. Approved for 6 contact hours.

**PRICE:** Individual use: $59.95 plus $6.00 shipping
Institutional: $300.00 plus $6.00 shipping (includes 0 booklets/post-test/CEU’s)

**DAY TWO:**
**IV THERAPY:** Parenteral solutions and their indications, complications and applications.

**ABG INTERPRETATION:**
ABG made EZ in a two-step approach. ABG analysis, acid-base disturbances, symptomatology and treatment modalities.

**NEUROLOGICAL ASSESSMENT:** Quick neuro assessment, patient’s prognosis based on clinical findings, interventions to decrease increasing intracranial pressure, as well as what not to do.

**BREATH SOUNDS, HEART SOUNDS & MURMURS:** Differentiating normal and abnormal breath and heart sounds and monitoring them as indicators of patient progress. Also included is a thorough review of heart murmurs, their sounds, how to assess them and etiology.

**ENDOCRINE EMERGENCIES:** Pathophysiology and the nursing management of patients with endocrine emergencies such as DKA, HHNK, DI, SIADH, Adrenal Insufficiency, Myxedema Coma and Thyroid Storm. Approved for 6 contact hours.

**PRICE:**
Individual use: $59.95 plus $6.00 shipping
Institutional: $300.00 plus $6.00 shipping (includes 0 booklets/post-test/CEU’s)

This one hour presentation by Laura Gasparis Vonfrolio RN, PhD, the owner of four successful businesses, will provide you with ideas and tips on how to start your own business. This seminar will tickle your brain and give you a boost of confidence to be your own boss!

**PRICE:** $20.00 plus $6.00 shipping
OBSTETRICAL EMERGENCIES
Audio CD by Toni Bergen RN, BSN, MsEd.
An in-depth look at various diagnoses that frequently impact the perinatal patient, fetus and family. Review of pathophysiology, signs and symptoms, medical and nursing management of pregnancy induced hypertension, pre-eclampsia, DIC, HELLP syndrome, abruptio placentae and early and late post-partal hemorrhage. Approved for one contact hour.
PRICE: $20.00 plus $3.00 shipping

SURVIVAL SKILLS FOR NEONATAL NURSES
By Terry S. Johnson RNC, MN, ARNP
THE FIRST 10 MINUTES OF LIFE: NEONATAL TRANSITIONAL PHYSIOLOGY
This presentation reviews the beneficial effects of labor, changes in the infants cardiovascular and respiratory systems, closure of fetal shunts, pulmonary and first breath dynamics and changes in oxygenation and perfusion status. Approved for 1.5 contact hours.
PRICE: $20.00 plus $3.00 shipping

CHILL OUT! MODEST HYPOTHERMIA TO TREAT HYPOXIC ISCHEMIC REPERFUSION INJURIES IN NEWBORNS
This presentation reviews the extensive cellular physiology precipitating hypoxic ischemic reperfusion injuries and introduces new therapies, including modest hypothermia or brain cooling to limit the extent of injury. Approved for 1.5 contact hours.
PRICE: $20.00 plus $3.00 shipping

SYSTEMIC INFLAMMATORY RESPONSE SYNDROME (SIRS) IN NEONATES
This presentation reviews the inflammatory process, clinical signs and symptoms as well as origin and influence of radical oxygen species, pro and anti-inflammatory cytokines on the development of SIRS. Approved for 1.5 contact hours.
PRICE: $20.00 plus $3.00 shipping

IDENTIFICATION AND MANAGEMENT OF BIRTH TRAUMA AND INJURY
A review of risk factors associated with birth injuries, a description of appropriate nursing interventions for common injuries, as well as a review of the nurses’ responsibility in notification and documentation of injuries provided. Approved for 1.5 contact hours.
PRICE: $20.00 plus $3.00 shipping

(BUY THE WHOLE SET OF 4 CD’S AND PAY ONE SHIPPING FEE OF $6.00)

25 STUPID THINGS NURSES DO TO SELF DESTRUCT
By Laura Gasparis Vonfrolio RN, PhD.
This 2-CD audio set, taped live at a seminar, will explore the 25 stupid things that nurses do to self-destruct as a profession (the first one being – We Don’t Stick Together). Your awareness will be heightened and your senses sharpened as to the power we can hold as a profession. Content will cover those behaviors that have a negative impact on the nursing profession; outlines situations and gives examples of dysfunctional professional behavior and delineates a solution for each behavior.
PRICE: $20.00 plus $3.00 shipping
